The Se., K.I.C. had proposed shifting of Hd. Quarters of the B' Sub-Dn. in the Ghataprabha Left Bank Canal Dn to Bagewadi The Se. was however asked to State whether the expenditure though meagre, on account of this could be accommodated in the sanctioned grants. The Se. has intimated that there will be a recurring expenditure of Rs. 270/- ~~per annum~~ per annum on account of rental charges of the office building at Bagewadi and that he will be able to accommodate the extra expenditure only if the ~~additional~~ additional funds to the tune of Rs. 1,09,600 asked for by him are granted by Govt.

2 Please—

2. Please see G.L., No. NP 213/76542-B, dt. 15-9-1951, addressed to the SE., K.R.C. In para 3 of the G.L., the SE. was clearly asked not to exceed the expenditure beyond the sanctioned grants. It means in other words that the SE. should not have anticipated sanction of Govt. to the addl. funds requested for by him. Similarly, the SE should not have shifted the head-quarters in anticipation of Govt. approval particularly when the grant could not accommodate the extra cost.

'e No. NP 213/1900 t-76

3. It is not known whether the extra funds could at all be made available to the SE. The best course would, therefore, be to ask the SE to shift back the head quarters to Ghalāprabha

It —

It is for orders whether

it is may be done

[Thro: X/Br]

X 29/10/51 27.10.51.

Shri K 27/10

X Br.

From 1-11-51

The S.E., P.W.D. has reported that the addl. expdre. involved cannot be met from the sanctioned grant under the head 50—Civ. Stable Establt. during the current year. The cost involved in the proposal is about Rs. ~~5000/-~~ 1,600/-. The S.E., may be asked to shift back from Bugawadi to Chatapur unless he meets the addl. expdre. by reappropriation from other minor heads such as works etc. under the head 50—Civ.

~~Dy. Secy~~ 1/11/51.

~~C.E.~~

Dy. Secy

CE.

shifting the Headquarters back to Chatapur will involve further expenditure.

The S.E's action may be approved.

A The same way will have to be found out to meet S.E's main demand for Rs 1,09,600/- and as such the expenditure incurred in shifting the headquarters

14

to Bageradi is trifling. And again this has been done for proper administration and efficient working.

Office of the Superintending Engineer
Karnatak Irrigation Circle,
Dharwar, 23-5- 1951.

To

The Chief Engineer to Government,
Public Works Department,
Bombay.

Subject:- Shifting of office of the Deputy Engineer, "D" Sub-Division, Chimad to Raibag.

As the amountof Rs. 27,68,500/- allotted to the Ghataprabha Left Bank Canal construction for 1951-52 is very meagre and falls far too short of the requirements and demand, I am closing down work in miles 33 to 38 and diverting the staff of "D" Sub-Division for contouring the command of the north Branch. The area to be contoured is large and the survey takes a long time. Raibag will be a central and convenient place for this work and I have, therefore, ordered that the Head-Quarters of "D" Sub-Division should be shifted from Chimad to Raibag for facilitating survey work.

This may please be approved.

Letter/

No.G-

Karnatak Irrigation Circle,
Dharwar, June 1951.

To

The Chief Engineer,
Public Works Department,
Bombay.

Subject:- Additional Canal Establishment.

The first eight miles of the new Gokak Canal have now been put into operation and the distribution of water has commenced for irrigating lands under it.

2. For the management and supervision of water distribution work, additional canal staff is considered necessary as the existing canal establishment cannot cope up with the additional work as the distribution of water commences at both the places (existing and new canal) at the same time. The area of lands to be brought under irrigation under the distributary No.1 and No.2 (mile No. 7 and 8) will be about 1600 acres.

3. Taking into consideration the area to be irrigated, it would be seen that the entertainment of two posts of patkaries in the scale of Rs. 30-1/2-35 is necessary. The extra expenditure including dearness allowance that will be involved on this account, works out to Rs. 1560/- per annum. It is, therefore, requested that Government may kindly be moved to sanction two additional posts of Patkaries on the Temporary Establishment for a period of 6 months upto 31-2-1951, in the first instance, at an early date

4. In the meantime, arrangements to manage the water distribution work will be made by appointing 2 Patkaries on the work charged Establishment.

VERY EARLY PLEASE

No. G-108

Office of the Superintending Engineer,
Karnatak Irrigation Circle,
Dharwar, 10th Septr.1951.

To

The Chief Engineer to Government,
Public Works Department,
Bombay-1.

Subject:- Shifting of Headquarters of "B" Sub-Division from Ghataprabha to Bagewadi.

The jurisdiction of the 'B' Sub-Division in the Ghataprabha Left Bank Canal Division covers miles 7 to 16 of the Ghataprabha Left Bank Canal. The construction of a big aqueduct at Jagnur in mile No.9 of the canal with its approaches costing over 10 lakhs of rupees is due for completion by June 1952 according to contract conditions, and the works are in full swing now. The other works in this Sub-Division are also in progress. As the second stage of irrigation from miles 9 to 18 lies mostly in 'B' Sub-Division, the centre of activity of the whole Division has now shifted to that Sub-Division.

2. In view of the importance, magnitude and urgency of these works, it is quite essential that for close and efficient supervision, the Deputy Engineer and his office should be located in the proximity of the works and within the jurisdiction of the Sub-Division. It is, therefore, proposed to shift the Headquarters of the Deputy Engineer, 'B' Sub-Division from Ghataprabha to Bagewadi, which is nearer to the workspots and within his jurisdiction. A map showing the jurisdictions is enclosed.

3. It is ascertained that accommodation is available at Bagewadi for the office and residence of the Deputy Engineer at reasonable rent. It is possible to secure residential quarters for the staff also in the village.

4. Shifting of the 'B' Sub-Division from Ghataprabha to Bagewadi will reduce the shortage of residential quarters which at present is keenly felt at Ghataprabha colony and this will obviate the necessity of constructing some new additional quarters at Ghataprabha for the present. As hired accommodation is available at Bagewadi, it will be economical and the cost on account of buildings will be considerably less

5. The cost involved in shifting the Sub-Divisional office will be very small as compared to the advantages gained in efficient management of the works and can be met from the grant ~~of~~ at my disposal.

6. In view of the above circumstances, and urgency of shifting the Headquarters of the 'B' Sub-Division as the works are already started, I am instructing the

Executive

TCS. 1351/78704

Executive Engineer, Ghataprabha Left Bank Canal Division to make arrangements for shifting the 'B' Sub-Division from Ghataprabha to Bagewadi as early as possible, in anticipation of Government sanction. This may kindly be approved.

Superintending Engineer, K.I.C.

F. Br. P.W.D.

The S.E., K.J.C.'s proposal is reasonable and may be accepted. However the S.E. may in the first instance be requested to state the exact cost involved in the shifting of the Head quarters as the papers will be required to be shown to the F.D. before the proposal is finally accepted & The draft put up may accordingly issue

17.9.51.

Asstt. Engr. for the Cost of B'bay P.W.D

IMMEDIATE. Letter.
No.TCS 1351 F.

Public Works Department,
Bombay Castle (Bombay No.1)
17th September 1951.

To

The Superintending Engineer,
Karnatak Irrigation Circle.

Subject:- Shifting of Headquarters of 'B' Sub-Division from Ghataprabha to Bagewadi.

Reference:- Your letter No.G.108, dated 10th September 1951.

2. Please state the exact cost involved in the proposal made by you and whether it can be accommodated within the sanctioned grant during the current year.

By order of the Governor of Bombay,

18/9/57

Assistant Secretary to the Government of Bombay, Public Works Department.

D.A.-Nil.

No. G-108 Office of the Superintending Engineer,
Karnatak Irrigation Circle,
Camp via Dharwar, 21st Octr.1951.

To

The Chief Engineer to the
Government of Bombay,
Public Works Department,
Bombay-1.

Subject:- Shifting of HeadQuarters of 'B' Sub-Division from Ghataprabha to Bagewadi.

Reference: Government letter, P.W.D.No. TCS 1351-F dated the 17th September 1951..

2. The office of the Sub-Divisional Officer, 'B' Sub-Division was shifted to Bagewadi on 15-9-1951 and an expenditure of Rs. 125/- has been incurred for shifting of office furniture, records, kit of the staff in Government trucks and payment of T.A. to the staff. Besides this, a recurring expenditure of about Rs. 270/- will have to be paid as an annual rent of the private building used for office.

3. As regards meeting of the cost, I have to state that the allotment granted for this Circle during the current year under the Head "50 Civil Works - Establishment- IV-Executive" being inadequate, an additional allotment of Rs. 1,09,600/- has been applied for, please vide Government letter P.W.D.No. NP 213/76542-B dated 15-9-1951 in reply to this office No.G-4 dated 31-8-1951. The cost involved in shifting the Head-Quarters can be accommodated from the additional grant, if sanctioned in full.

4. As already stated in this office letter No.G-108 dated 10-9-1951, the shifting of Headquarters of the sub-Division will reduce the acute shortage of residential quarters at the Ghataprabha Colony and will obviate the necessity of constructing new additional quarters at Ghataprabha for the present at far more cost. As sufficient hired accommodation is available at Bagewadi, it will be economical and cost on account of buildings will be considerably less.

(Originals in 'J. Br. #1 No. CMN 1051/95918)

Copy of extract paragraph 4 of letter No.G-4, dated 17th November 1951, from the Superintending Engineer, Karnatak Irrigation Circle, Dharwar, addressed to the Chief Engineer to the Government of Bombay, Public Works Department, Bombay, regarding Additional funds for Ghataprabha Left Bank Canal Division.

"4. This intensive effort requires entire suspension of survey work and regrouping of the sub-Divisions for constructional purposes. After careful consideration of all aspects I find that the following arrangement is necessary to speed up work:-

Sub-Division.	Existing jurisdiction.	Proposed jurisdiction.	H.Q. (no change).
A	Miles 1 to 6	Miles 1 to 9 upto Jagnur Nalla.	Dhupdal.
B	Miles 7 to 16.	Mile 9 (from Jagnur Nalla) to mile 13, including Jagnur Aqueduct.	Bagewadi.
C	Miles 17 to 32.	Mile 14 to 24	Kankanwadi
D	Miles 33 to 44.	Mile 25 to Ml.32.	Raibag.

This will allow better concentration of effort and better supervision of work and does not involve any additional cost to Government. I have, therefore, asked the Executive Engineer to give effect to these proposals immediatelu in anticipation of Government approval, which may please be given. "
